To The Future

We are the younger generation who were born during a time when the American dollar wasn't worth its weight . . . a time of depression.

We have lived through a war, not only of men and guns, but a battle of great minds . . . the great minds of science and industry.

We are the teen-agers who will take the steps to build our country and our country's democracy back up the ladder of success.

We are the ones who will need to succeed in order to keep peace and happiness in the world of tomorrow.

In view of this, we, dedicate this Annual to the Future.

Dear Diary: Today the first meeting of the Board of Directors was brought to order by the vice-president Jean Fischer. The President Louie Hamilton has moved away so it was decided that the next highest on the ballot will hold office this year.

This year two new committees were appointed; the Activities Committee and the Health Committee. All classes and clubs will consult the Activities Committee for dates for meetings, parties or dances. If there are any complaints about the cleanliness or other items concerning health they will be given to the Health Committee to investigate.

October 12,

Dear Diary: The Homecoming was discussed. We had a general meeting of the student body. The Social Committee reported that the money allotted them would not cover expenses for the homecoming and still be able to hire a good orchestra. After much discussion, the students decided on a plan by which they would make up the extra money used for the orchestra.

Nickel a week is now a thing of the past in Q. H. S. for we now have student association tickets which cost $2.25 and must be presented upon entering any school financed activity. If you lose your card, you may get another one for the small fee of 10c.

December 10,

Dear Diary: Today the board was very proud of some of its members for they presided at a general assembly. There were about eight members on the stage, each one told us about some improvements which could and should be made around school.

It was suggested that we use some of the money in the sinking fund at the bank and purchase shades for the gym.

ABOUT THE JOURNEY

Remembering back, the gold rush didn't start in '49. In our case, it started on September 5, 1945. This was the day when the rush started and the total number of the miners that started out was 58, coming from far and near. Quincy and Allen, that is.

Starting out on our adventurous journey we had to have some guidance and so we elected a governing body. For the first year of the gold rush we had as our President, Harley Piper; Vice president, John Yost; Secretary, Norma Matsel; Treasurer, Joan Marshall (we sometimes have wondered if she was any relation to James Marshall, the man who discovered the gold); Representative, Barbara Major, and the little lady who kept us in contact with the outside world was Jean Fischer (Reporter). As a very good friend and helpful advisor we selected Mr. Oscar Fischer.

The 21st day of September we first were initiated to the rough roads of life and we do mean initiated; physically as well as literally. It was a slight bit off our way to "California", but I guess the Sophomores decided we should go South for a little while so consequently we were all darkened by our upper classman. However, the boys were very much at home in their overalls and the girls in their gingham dresses. To make up for the harshness and cruelty, our superiors furnished refreshments and gave us a nice little dance following.

"All work and no play makes Jack a dull boy", SO-we gave an assembly or rather a Hallowe en Parade and we found it was just a bit on the aisle-rolling side.

Come June 5, our first year of the gold rush was over. We celebrated by having a picnic.

After three months of recuperation we again started on our journey westward. The 52 miners started on September 3, 1946 and shortly afterward we elected a new governing body. Results-President, Kenneth Philson; Vice President, Joan Marshall; Secretary, Jean Fischer; Treasurer, Leroy Cook; Reporter, Barbara Major, and Representative, Kenneth Philson and we were fortunate to have with us Mrs. Nell Volkert as our class advisor.

In remembrance of the year previous to this time we generously sponsored the Freshman reception. Each Freshman dressed to fit his or her part in the program. For entertainment following the program every one enjoyed the dance and filled up on cider and doughnuts.

While traveling on the long, dry, dusty road on April 23, 1947 we stopped just long enough to elect new officers for the oncoming journey. The miners elected as president, Leroy Cook; Vice President, Jean Fischer; Secretary, Joan Marshall; Treasurer, Louis Hamilton; Reporter, Pat Patrick; Representative, Barbara Major and Historian, Norma Smith.

We selected our motto and class flower. The white rose came out on top, with our colors, rose and white and the flying banner, "There are no benches on the road to success.

While still 3rd class miner, May 9, the night of the all school carnival arrived. It found the class of '49 selling noise makers, confetti, whistlers and paper hats! What a night! The glamorous event of the evening was finally there. Boyer, Bob and Crawford, Imogene were crowned king and queen. All's well that ends well. The carnival was a great success and fun was had by all.

To entertain the public the miners decided to sponsor "The Pennington Case" on November 26. Really! it was a big success!

Next we sponsored a magazine sale. Captains Jean Fischer and Leroy Cook were named.

As we journeyed far into our Junior year there were some changes made. Joan Smith, Ray Brown, and Charles Smith left us, While Janice Adams, Lawrence Johnson, Irene Keith, Mae Rehner and Cheryl Miner joined our caravan.

Next the most magnificent event of the year was the 13th annual J-hop, the "Cinderella Ball". The big night of May 21, finally revealed that the ceiling was completely decorated with balloons and the stage, which was the setting of the orchestra, had a background of Cinderella in her rags and her glamourous evening gown. Trellis's were located about the room with spring flowers. Tasty refreshments were served. It was assuredly a glorious evening.

We held our picnic at the Pokahagon Park.-- It didn't rain.

September 10, 1948 found us miners, forty two in number, registering as FIRST class--(Seniors, that is). Happy days ahead! We were "Westward Bound".

Alas! the name miners slowly turned to '49ers.

Our first activity of the year was selling Christmas Cards.

We were proud to have Jean Fischer and Bob Boyer chosen as the Homecoming king and queen.

On October 21, we were all dressed up to sit before the camera with a nice smile for the birdie. It was the graduation picture of course.

"Two Gentlemen and Verona" was chosen as the miner production of the year. We set forth with a business like stride, and the first curtain went up November 17. A second performance was given on November 18. It turned out to be a good show.

Various types of name cards were received on November 22.

The miners had a penny potluck on December 14, and after having filled up with good things to eat, the evening was rounded out by singing Christmas carols.

Smiling and frowning faces, as in the gold rush days, filled the halls on December 17. The seniors had finally received their pictures.

On February 1, the miners all enjoyed the lovely banquet given in their honor by the junior class.

Stopping off for a lovely formal affair all the miners attended the J-Hop given by the Juniors on May 13.

In May, a side trip was experienced with the '49ers taking a five day trip to Washington, D.C. which was very educational and inspiring.

As our journey's end drew near we realized we had had troubles, heart-aches, fun and laughter.

The final steps were taken June 2, --graduation-- with some tears, some smiles and a deep feeling within the hearts of the individual '49ers. They had successfully reached one destination in life and were no longer the class of '49, but individuals who would step forth into the world to seek the riches yet to come.

Class Song

SENIOR CLASS SONG
Pat Unick
"Along the Graduate's Trail"

Every Year along about springtime
Senior Classes come rollin' along
They ride with their future their goal
Along the Graduate's Trail.

Over hills and mountains and valleys
Every trial to prove we were hale.
Our wagons are swiftly approaching
The end of Graduate's Trail.

The blazes we have followed through the dangers
We thank the guides and scouts who left them there.
We leave to coming seniors these brave rangers
Who led us to the door to everywhere.

Well, what do you know, commencement is comin'
All the world is waitin' to hail
The victorious Forty-Niners,
Upon the Graduate's Trail.

Class Poem

NO BENCHES

In nineteen hundred and forty-six,
As greenhorns we began,
Our long, long, journey upward,
Into the promised land.

But first we were initiated,
In blackface and water melon,
The next year we made loads of silver,
On the radio we were selling.

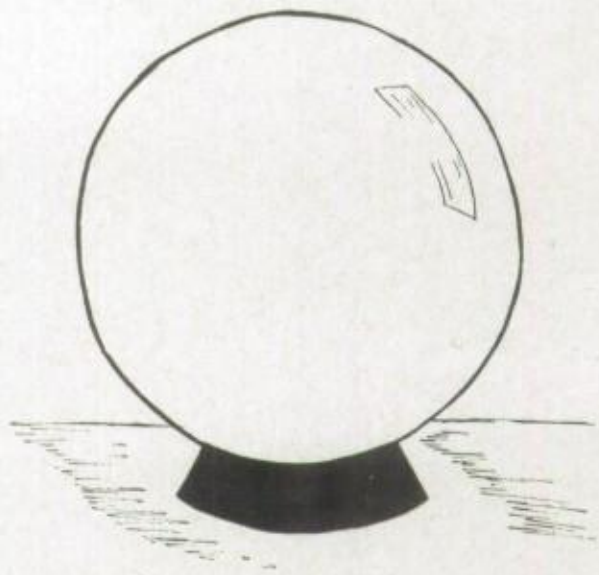
The following year proved exciting,
With the "Pennington Case" and all.
We also had a J-hop,
Called the "Cinderella Ball".

Our crowning year had now arrived,
And with it also came,
"Two Gentlemen and Verona",
And a donkey basketball game.

We are near the end of our journey,
Our goal is at least in sight.
For we are the forty-niners,
Plodding upward, day and night.

— Iola Pierce

What's A Head



We set the time machine ten years into the future and get a glimpse of the success of the class of 1949.

We see JOAN MARSHALL and LEROY COOK watching their boy play football with the gang. Let's listen in and hear what Leroy Sr. is saying to Junior. "Let me show you fellows how to play football. Even if I am a Judge now I can still play football. You know I used to be the captain of the football team back in 1949."

IVA MAE BRACY, now the maid of Joan and Leroy, is saying to Joan, "Madam, dinner is served."

JANICE ADAMS is still looking for a member of the opposite sex. She is a nurse at Ford Hospital in Detroit. She is doing very well.

We see PHIL ANNIS is an onion farmer way down in Kentucky, and who is that pretty gal?

After being married for several years we see FREIDA BLAIR teaching the first grade at Reading High.

We see BOB BAILEY is true to his name for he works at different farms bailing hay and straw.

It seems ROY BROWN and NANCY BLOSSER are doing all right. Roy is an artist in Chicago and Nancy, his wife, works in an office with a very good salary.

EDDIE BOLEY is now playing football with the Navy. He is the star and also captain of the team.

BOB BOYER and JEANIE are now living in Jackson. Jeanie has stopped working at Foote Hospital and is r eady to settle down to family life. People are still yelling at Bob, "Milkman keep those bottles quiet."

ED COTTMAN is now touring the country raising money to provide a home for stray cats and dogs.

LOIS JEAN HORST is now the most popular sorority mother of Hodunk college.

LAURENCE JOHNSON joined the army soon after he was out of school and has become a general. He has a very good army record, and is still single.

ELWIN VAN HOOSEAR seems to be quite happy with his work. He is running a home for retired chorus girls.

IRENE KEITH, to our surprise, we see has settled down and has a nice little family. Her husband works at Richard's and John's pickle factory at Slip Slop, Mexico.

It looks like MARION KIDDER still has his Tarzan suit that he wore in the senior play and is now a full fledged life guard at Lake Michigan.

HELEN KOWALSKI is running a frog farm. She likes it, but misses driving that tractor around. Her husband does most of the housework which makes Helen love him all the more. They are living in a small town in Alaska where the frogs grow big.

What's this? DON LINT and DOT WATTS are now running a drug store where the Watts drug store used to be. It seems that Dot's dad retired and turned his drug store over to Don and Dot. They are doing very well.

BARBARA MANN is now married to that handsome guy from Bronson. They have a nice little home and a family of two.

NORMA MATSEL is now working in the State School as head Dietition.

BARBARA MAJOR, the little gal who always talked in the study hall, is still talking, but she is now pastor of the Trinity Church in Chicago.

KENNY PHILSON is a comedian on the Sunshine Hour. Poor Kenny still hasn't got nerve enough to ask Barbara to come and be his little wife. Hey Barb, a gal in your profession ought to be able to **alter** the situation.

CHERYL MINER has married a Texan and is living down in Texas on a large ranch. Her husband is a good worker and very prosperous.

LESLIE MYERS is an up and coming welder. He is doing very well.

GENIEVE OLNEY is a housewife. She is very neat and her husband is an insurance man.

I wonder what happened between PAT and PETE UNICK, for Pat is now a famous movie star.

JACK VICORY is on the all Star Basketball team and can get the ball into the basket at any position. I guess it's true that practice makes perfect.

IOLA PIERCE is married now and is taking Rustie's place at Watts Drug Store which is now called Lint's Drug Store. Jim seems to be very patient when she doesn't get home on time.

IRA SMITH has a restaurant and cabin resort at Mackinaw.

MAE REHNER is star of the Brand Ol' Opera singing hillbilly songs.

NORMA SMITH is a Home Ec. teacher in a large High School in Chicago.

RICHARD ROSE is now running a flower shop and his main flowers are Roses. We hear by the grape vine that he's interested in a certain little Rose that didn't grow in a hot house.

BETTY LOU SMITH is living in Detroit and owns the Silver Lake Ice Skating and Roller Skating rink. We hear a little of Hillsdale or Jonesville is there also. Which is it, Betty?

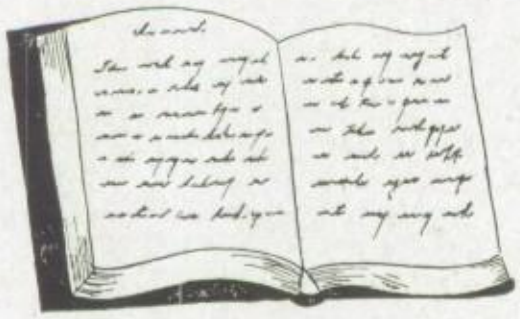
DORIS SAWDY is playing her clarinet with the Detroit Symphony Orchestra. Ray has suddenly become interested in classical music.

We see DALE COOK is in business and catches whales. He's doing a whale of a business so we're told.

MRS. VOLKERT, who is still the basketball coach at Quincy knows her knitting when it comes to picking out basket ball stars. The Queens have won the trophy for four straight years. Jonesville hasn't had a chance, which makes the coach happy for she graduated from Jonesville way back when.

VIRGINIA MAST is now living in Litchfield and is trying to teach little Ginny to play the violin as well as her other pupils.

Their Last Words



IRENE KEITH wills her days in the office and hard labor (washing windows) to Jo. Keith.

NORMA MATSEL and PAT UNICK will their abilities to make up their minds and be happy about it to all the girls who are having trouble with their love affairs.

DON LINT wills his ability to stay eligible to Jim Hewitt and Ed Donnelly.

IVA MAY BRACY wills her A in typing to Barbara Cox.

BETTY LOU SMITH wills her fast, but good driving ability to Karol Major. (If she needs it.)

BARBARA MAJOR wills her ability to get in real early when on dates to Nancy Wight?

EDDIE BOLEY wills his heighth to Don Cook.

LEROY COOK wills his size to Jerry Fries.

MAE REHNER wills her ability to get in early school nights to Jim Stemen.

MARION KIDDER wills his ability to keep a car right side up to Earl From and Max Zimmerman.

ED COTTMAN and MARION KIDDER will their pin-up pictures to the occupants of locker number 10 next year.

DORIS SAWDY wills all the good times she's had at Q. H. S. to her sister, Ellen.

NORMA SMITH wills her ability to get out of class to anyone who is smart enough not to want to.

ROY BROWN wills his 1927 Model T Ford to Mr. Watts for his Drivers Training Class. — In effect when he gets his 1950 model.

NANCY BLOSSER wills her 22 inch waist line to Mrs. MacQueen.

BOB BOYER wills his ineligibility to Jim Stemen, Robert Adams. and Don Cook, hoping they will not be able to use it.

JANICE ADAMS wills all the memories of her senior year to her sister, Joyce.

KENNETH PHILSON wills his good disposition to Lee McDaniels.

JANET LOVEBERRY wills her lovely brown hair to Mr. Watts.

HELEN KOWALSKI wills her ability to get along good with **all** the boys to Mary Schultz.

LOIS JEAN HORST wills the fun she's had in her old car to Barbara Cox and her new one.

JEAN FISCHER wills Bob Boyer to any girl who is shorter than she is and has good porch steps.

JOAN MARSHALL wills her red-headed temper to her sister, Verita, who doesn't need it.

IOLA PIERCE wills her natural red hair to anyone who wants it.

BOB BAILEY wills his 1931 Ford to the Drivers Training Class.

DICK ROSE wills his ability to earn one "Q" out of 4 years at football to Bill Swallow.

IRA SMITH wills the mice in his locker to Barney Chase, that is, in case he likes mice.

PHIL ANNIS wills his ability to drive to the Drivers Training Class.

GENIEVE OLNEY wills her quietness to Nancy Wight.

BARBARA MANN wills her green formal to Vondalee Iford.

DOROTHY WATTS wills her ability to go to bed one night a week to Jo. Keith.

DALE COOK wills his 1946 Hudson to George Strang when his Dodge finally gives out.

FREIDA BLAIR and VIRGINIA MAST will their ability to skip school together to any two juniors who can use it.

LESLIE MYERS wills his brown eyes to Glenn Englehart.

JOHN YOST wills his Plymouth to Dick King, that is, of course, when he gets through with it.

ELWIN VAN HOOSEAR wills his ability to be quiet to Don Brewer.

LAWRENCE JOHNSON wills his ability in the National Guard to anyone stupid enough to join.

CHERYL MINER wills her ability in Shorthand to anyone who wants it.

JACK VICTORY wills his heighth to Mr. Watts.

We entered our Freshman year with our noses high in the air but we were looked upon by our upper school - mates as small fry. But we survived that year with just the scars of the Freshman Reception, and the class roller - skating party.

We were considered a little higher as we became sophomores. We got our revenge when we put on the Freshman Reception. We also had a hayride and invited the juniors to a dance afterwards. At the close of our sophomore year we went on an educational trip to Detroit. On this trip we visited The Great Lakes Steel Mills in the forenoon. After having an elaborate dinner at the Dearborn Inn, the procession straggled on to Greenfield Village.

Now that we are juniors we feel very big and excited, as we have put on the Junior - Senior banquet, the J-Hop, and the Junior play.

We hope to greet our Senior year with many more pleasant memories.

1. A perfect pose - Mary Ellen.

We were glad to see our freshman year roll around except for the dark shadows of the freshman reception hanging over us, these shadows were brightened by the roller-skating party given to us by the eighth grade.

This year the freshmen were glad, of course, to have us give them their freshman reception. In fact, they were so pleased they gave us a fun party in return. This year has been full of social activities, as well as the dances we sponsored after the home basketball games.

In the fall of '48 fifty-one, green, but proud, Freshmen hoisted anchor and prepared to set sail on a voyage which has and, I am sure, will come to fun and adventure. We were somewhat timid and shy and it took time to become acquainted with this thing called "Senior High."

The main event was what the Freshies always dread, the "Freshman Reception." What a day and night! However, we pulled through, and thanks to our sponsors and the sophomore class, it will be cherished and long remembered.

After being properly initiated into high school, our minds turned money wise. We were kept busy with many projects, some of these being a baked goods sale, penny pot luck, raffle, dances, box social and many others.

While gliding along during our freshman year we acquired three new friends, those being Betty Small, Gordon Miller and Dick Cole. However, as is the inevitable, we lost friends too, namely, Dick Cole, Sarah Irwin, Ray From, Bertha Cockrell, Jim McNickle and Cecil Brewer.

1. The Chain Gang.
2. "I'm all dressed up, girls, let's go" - Johnny.
3. What! Smiling - - Mr. Shearer
4. Mr. Zerba's "Hoodlums".

9. One "wit" and one "wit-out". Glenda, Imogene.
10. School gets so boring!!! - Charles.
11. Just as dumb as ever. - - Karol.
12. Two "big" stooges. Duane, Philip.
13. Come and get us, we're ready. Jo, Regina and Glenda.
14. Don't life get ruff? Marilyn, Janice and Glenna.
15. Oh! That Freshman reception. Dick
16. Tired? Bernadine
17. Oh! ! ! how I "L–O–V–E" the Army. GeorgiaLou
18. Three Musketeers. Wanda, Anna and Doris
19. Gee! ! What a pretty "blouse."
20. Help the blind. Jerry.
21. Just me and my shadow. Delores
22. Oh! mine goodness. Mr. Zerba
23. Just call me "smiling" Doris.
24. Oh! You lucky boy. Glema, Johnny and Donna

We started our year with fifty-four members in our class and since then it has decreased to fifty-three.

We gave an initiation party for the seventh grade which was, of course, a lot of fun.

It made us very proud to receive for the second time the T. B. award for selling the most Christmas seals in the whole school.

We have greatly enjoyed making the pretty seasoned borders for our room.

We have forty-five members in our seventh grade. We have kept real busy this year with our studies. We haven't found time to engage in very many social activities. We all enjoyed the initiation party given us early in the year by the eighth grade.

We enjoyed an especially pretty Christmas scene on our borders at Christmas time.

Fifth & Sixth Trailers

Besides our regular school work, we took part in various activities in our school system. Our first assignment was an exhibit at the 4-H Fair in Coldwater in September. For this we prepared a safety exhibit. For the Quincy School Fair we made an exhibit of our geography work, "The New England States", for which we received a first prize.

At Christmas time we took part in the Christmas program by presenting a short play. In the spring we presented the play "Tom Sawyer." Both of these plays were under the direction of our music teacher, Mr. MacQueen.

In sports we had several basketball games and softball games.

The artists in our room were kept busy making our room more attractive.

Left to right. Back row: Jack Hadley, Ronald McKenzie, Robert Halstead, Everett Yuhl, John Booher, Jimmie Macrae, Donald Lothamer, Mrs. Phelps.

When we look back over the year we find that we have had many pleasant times together, with the monotony of school work broken by such things as spell downs, arithmetic and science downs, movies, school programs, parties, and several ball games with Allen.

In the fall we built a train for our exhibit at the school fair. We called our train, "Nutrition Express", as it portrayed the "Seven Basic Food Groups." We were awarded a blue ribbon.

In December we decorated the case in the hall with a "Night Before Christmas" scene. We also took part in the all-school Christmas program.

Our most outstanding party was our Valentines party. We invited all of our small brothers and sisters. We had ten guests between the ages of two and four. Everyone had a grand time.

One of the highlights of our year's work was our "Auto Race,'" in spelling with each child choosing his favorite car. We found that in that kind of a contest everything depends on the driver and how hard he works.

The "skeletons" and "sunflowers" for the "Tom Sawyer" operetta given in the spring were from our room.

Second & Third Trailers

Our school year passes rapidly since it is filled with many varied activities. In the fall we start off preparing our exhibits for the county and local fairs. Next comes the Thanksgiving and Christmas motifs. We have a Christmas tree and a gift exchange party with a special treat from our teacher.

Back in school after the holidays we go to work in earnes on the "3 R's" to finish up the first half of the year. We also have had a very close spelling contest which created keen interest in a subject new to us. The winning side was treated by the losers at our Valentine party, alas a new race was on.

Birthday treats, fruit juices, milk and the hot lunches give us a variety, nutrition and the opportunity to use our health rules in living.

First Trailers

We start our school year by getting our exhibits ready for the fairs. Next comes our Thanksgiving and Christmas recess. We had a lovely tree and a gift exchange. Back in school again after the holidays, we take up where we left off.

We have a very fine collection of stones, birds nests, frogs, and pretty stones. In one corner of our room we have a very nice library, the first graders are taking up a lot of reading out side of class. In our reading, we decorate our room according to the story we are reading.

Last but not least, our birthday treats. We have had some very nice ones, and expect some more in the near future.

Mothers Club

A group of mothers are enjoying a discussion on "Religion in the Home" conducted by Reverend Slee of Coldwater at their February meeting.

Each month mothers of all the children in the community system from kindergarten through the sixth grade are welcomed to a meeting of interest pertaining to their childs welfare.

"Safety", 'Child Behavior", "Food", "Home Relationship" are some of the topics listed on the agenda.

The grade or rural school responsible for the meeting furnish refreshments.

The Club has tended to create a better relationship between the home and school.

Not pictured: Judy Hampton, Marjorie Whitman, Kenneth Johnson, Chip Flint, Christine Byers.

TALE

In September we started out with thirty-four boys and girls in our group. Since that time we have had many additions and losses. At the present time we have forty-nine. We have twenty-five in the morning section, and twenty-four in the afternoon section.

We have learned many songs, nursery rhymes, and listened to many, many stories. Nearly everyone has learned to color, to cut well, and to write his name. We have learned to count and to say our alphabet, and each of us have worked in a workbook called "Before We Read.' But most important of all, we have learned to work and to play with other children and people.

Left to right, back row: Steve Barney, Sharon Walters, Terry Bean, Rodney, Persails, Donna Brazee, Larry Bible.

ALLEN SIXTH ~ SEVENTH TRAILERS

The Sixth and Seventh grades have charge of the safety patrol. Christine Newberry is Captain and Patty Daniels is Lieutenant. Two children go on patrol in the morning and at night, then two at noon when school is dismissed and before it begins in the afternoon.

Two of the children in our room have charge of taking down the flag just before school is dismissed in the afternoon.

At the beginning of the school year we organized a citizenship club known as the "Young Americans." Each officer holds office a term of six meetings, after which new officers are elected. The meetings are held every two weeks, generally, on a Friday afternoon. After our business meeting we have a program. We discuss citizenship and ways of improving it. We observe special days by having a program appropriate to that particular day.

Our room mothers are Mrs. Donald Grill and Mrs. Ted Spencer.

Tale

The second and third grade had an Ivory Inspection Patrol. They enjoyed this activity. It made them more cleanliness minded and they carried it on even after the activity was ended.

These children have enjoyed several parties during the year, one at Hallowe'en, Christmas and Valentine.

Our room mothers have been Mrs. Junior Rogers and Mrs. Byron Todd.

The children in the second grade enjoyed putting on a musical dramatization of the Three Billy Goats before an assembly of pupils of the whole building.

ALLEN SMALL FRY TRAILERS

Back row: Nila Kay Schuster, Foster Van Doren, Laura Dowell, Lyle Latta, Dorothy Todd. Teacher, Mrs. Donnelly.

Tale

We Kindergarteners are very happy. We have very many inquisitive minds which might ask, as Ruth Margaret, "What is that?" Terry, "What will we do now?" Billy on February 3, "What kind of a pig saw its shadow yesterday?" The Ray is all tuckered out. After all, we do keep busy and enjoy our scissors, colors, pencils, papers, clay, blocks, puzzles, and "Before We Read" workbooks.

Our project in the first grade was, "The Farm." We had fun doing it. We learned how our parents make money to get the things we need.

Our room mothers for P. T. A. are, Mrs. Cloyce Freece and Mrs. Louis Shenfield.

Lusk Outpost

The Lusk School opened in September with seventeen girls and ten boys.

At Hallowe'en we had a masquerade party in the afternoon.

At Christmas we had a Christmas program in the evening.

The first of the year we organized a fun night for parents and children which has proved to be successful. The first one in January, Mrs. Harold Shook was chairman. Snatch Bingo was the main feature for the evening. February, Mrs. Jan Zech was chairman. Square dancing was fun for all. March, Mrs. Blosser is chairman.

Hot lunches have been very successful.

Center Outpost

We read and write and figure

And try to use our brain,

With strength from our hot lunches,

We shouldn't miss the train.

From six to twelve we're a motley crew

We're always looking for something new;

All year long at work and play

For something different we'll always pay.

The all school annual "Oriole" greets you for the first time.

Perhaps, as in any publication, your staff suffered many disappointments, setbacks and long, late hours of hard work.

We were all at a loss much of the time since not one - including the advisors had ever had any experience in annual publication.

Many folks not pictured above have contributed considerable time and effort in order to bring this book to you.

As the '49ers caravan moves onward, it is the hope of the staff that the community all school annual "Oriole" may come forth each year, and that every one that attends the community system may play a part.

Standing, left to right: Virginia Struble, Barbara Clark, Mrs. Shearer, Mrs. Watts, Verita Marshall, Helen Kowalski.

The Y-teens have been quite active this year. To begin with, we had our formal candlelight initiation on November 24, welcoming all the new members.

Our first dance, December 18, was a "Soc Hop." Afterwards we went caroling and delivered baskets of food to various houses. (Our boyfriends enjoyed carrying them.) We came back to the school building and enjoyed hot refreshments.

We raffled off a Mixmaster, February 18, at the Jonesville game. The very lucky winner was Mrs. Donnel Diedrich. We made quite a large profit on it.

One of the coldest days in December, the Y-teens had a paper drive. Various club members were willing to sacrifice a few frozen toes to help their club.

Two of our officers for next year attended a camp at Battle Creek the 18th and 19th of February. They went to get new ideas for the club in the future.

Our second dance of the year was a "twerp" dance. The girls were the lucky ones and got to ask the fellow they wanted to. Everyone seemed to enjoy themselves.

Our advisors, Mrs. Dale Shearer, Mrs. J. T. Watts, and Mrs. Van Hilton have shown great interest in the club's activities, and we appreciate it very much.

Eighteen new members joined our organization this year bringing our total membership to 50, for "48" - "49".

Two judging teams from our F. F. A. group proved very worthy as theGeneral Livestock Judging Team, placed third out of 46 teams in the State contest held last June at Michigan State College.

Our organization was proud to sponsor along with the F. H. A. the annual Quincy Community Fair in October. It proved to be one of the largest fairs in Quincy, with over two hundred Agricultural exhibits.

During the preceding year the boys carried a total of 119 productive projects with a total gross project income of $59,866.00, and a net project income of $26,312. 64.

The Future Homemakers of America started off the school year of 1948 - 1949 by working with the F. F. A. in sponsoring the Annual Community Fair on October 21 - 22.

To publicize National F. H. A. week the girls grouped together in front of the school building where they held a ceremony in which a Red Rose (National F. H. A. Flower) Bush was added to the landscape.

The first part of November many of the girls enjoyed a skating party which was held at Hemlock Lake.

November also included a District meeting at Kalamazoo where many of the girls met their F. H. A. sisters.

February 26, 1949 brought forth a successful paper drive.

The State Convention was held in the early Spring at Michigan State College and interesting facts of the F. H. A. organization were learned.

The Scouts

Second row, l. to r.: Junior Bowers, Tom Normandin, Richard Jones, James Watts and Bob Mann.

Third row, l. to r.: Gail Langstaff, Richard Fries.

Fourth row, l. to r.: Mr. Watts, Scout Master; Bud Moore, Larry Travis, Jerome Hennings, Sam Lambright, Assistant Scout Master.

The Quincy Boy Scout Troop No. 61, is still meeting in the school building. They are anxious to get a place of their own, and are on the trail of an old barge, that they hope to make into a possible meeting and recreation building.

Two of our Quincy Scouts, Marion Kidder and Tom Normandin recently were awarded the Eagle award, highest in Scouting. Other boys are rapidly approaching the Eagle rank under the exceptional supervision of our two scoutmasters, Sam. D. Lambright and James T. Watts.

The Queens captured the '48 - '49 Little "C" championship without difficulty. They boast a seasons record of seven wins and one loss. The only setback was a 35 to 34 decision to the Reading Rangerettes by virtue of a point system.

In addition to capturing the first trophy ever given girls in the conference, they were honored guests at a lovely banquet given by local followers and friends of the squad.

Co-Captain, "Barb", Norma and Iola will be greatly missed as the Queens go forward in '49 - '50 season to bring home the second trophy.

Second row: G. Langstaff, W. Everline, W. Loose, J. Smith, N. Walton, C. Brewer, D. Brewer, W. Swallow, C. Bowers, P. Annis, J. Stemen, K. Earl, E. From.

Third row: Mr. Jacobs, J. Vicory, D. Peavey, H. Stickney, R. Rose, D. Cook, L. Cook, A. Blair, E. Donnelly, B. Chase, R. Adams, Mr. Shearer.

The Orioles started out the season with four lettermen. In spite of the inexperienced team, they showed what football really meant to them. They lost the Little "C" Championship by one point. Although they had the smallest line they gave their opponents real competition. This seasons record was the best in the past several years.

Bottom: Jim Hewitt, Ed Boley, Leroy Cook, Bob Boyer, Kenneth Philson, and Jim Stemen.

The Orioles went into the 1949 season's with six lettermen returning from last year. This season's victories and losses were mostly only by one or two points. Quincy lost two games with Union City. We also lost two games with Homer by only a one point margin. There were four other close games this season also, two with Bronson and two with Reading. So this season's record with ten wins and four losses was characterized by close games, with 6 being divided only by a two or three point margin.

BASEBALL

Prospects for the 1949 Oriole baseball team appear much brighter than usual. With seven lettermen from last years team, to form the neucleus, the squads chances look good for a banner year.

TRACK

With but one letter winner from last years squad the outlook for the thinclads look dim. The Orioles should be well fortified in the dashes, but weak in the longer distances and field events.

Busses (All busses and all drivers) Left to right: Louis Ewers, Russell Blake, Forest Friend, Harold Sawdy, John Husk, Harold Talant, Victor Matthews.

Tale

The Quincy Community Schools have a very sufficient means of transportation for their students. There are five buses in good condition and with very reliable drivers. These drivers are qualified for the job and are very precautious, to insure the safety of the students on the bus. The drivers get out early in the morning, rain or shine, to transport the students to school. Many of the roads the buses travel on are in very poor condition, but if the students will bear with the driver, he'll do the very best he can. If roads are impassible, the students will be asked to walk a short distance to their homes, so as not to delay the other students.

The Quincy High School also owns a car. It is a new Ford which is used to teach pupils the fundamentals of driving. An adequate instructor is in the car with the students at all times. After a certain period, this car will be exchanged for a newer one.

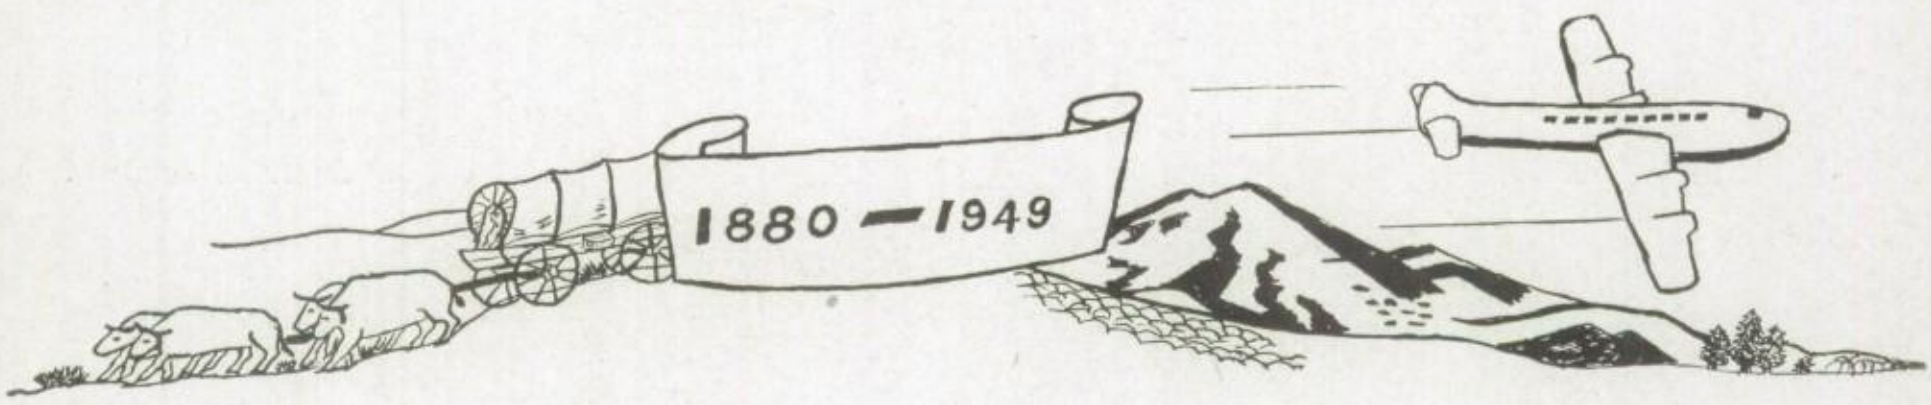
Moving Onward

Yes, it was in the grauating class of June 1880, that Cora Clizbe, better known today as Mrs. Cora Newberry, graduated from Quincy High School.

Mrs. Newberry stands among the first five graduates of Q. H. S., and is the sole survivor of the class. She has served as mother, teacher and befriended whomever she met. A sunny smile, charming personality and a strong physical body and mind are her visible charcteristics.

Mrs. Newberry is very well versed, and has played an active part in civic activities throughout her lifetime.

With the passing of years, she has seen Q. H. S. take many steps forward. Likewise many advancements have been made in all achievements of mankind. Science, communication, education and transportation still move onward, challenging all youth. With this challenge, may the members of the '49ers Caravan go forward into the world of tomorrow, trusting in God, doing their share, accepting their lot and make the world a better place, in which to live, for their having lived.



Our Appreciation

Co-advisors, Mrs. Carol MacQueen, Mrs. Nell Volkert and the entire annual staff wish to express our appreciation to the many local merchants, as well as, several Coldwater and surrounding merchants and friends who contributed financial assistance so generously. Without your help, our book would not have been possible.

It's hats off to photographer Mr. Dick Gordon and the Powell Studios for all the courtesies they extended to us.

To our local friend and printer, Mr. Zimmerman and Max, we say thanks.
